IIT Mandi Summer Internship Program

A residential research program combining practical training with exposure to advanced analytical tools.

Nature of Work:

Collaborative research under faculty guidance in areas such as AI and Robotics, Bioscience, and Quantum Science and Technologies.

Eligibility:

- Pre-final year undergraduate (3rd year) and 1st-year postgraduate students from one of the 68 institutions that have an MoU with IIT Mandi.

Stipend:

Monthly stipend of ₹10,000 for up to two months.

Deadline:

March 30, 2026.

IIT Palakkad Summer Internship Program

A six-week residential program designed to introduce students to high-level research and pursue careers in teaching and research.

Eligibility:

- 3rd or 4th-year undergraduate students in Engineering, Technology, or Science, and postgraduate students from institutions other than IIT Palakkad.

Nature of Work:

Hands-on research training utilizing advanced hardware and software analysis tools across disciplines like Biological Sciences, CS, and Mechanical Engineering.

Stipend:

Total financial support of ₹12,000 for the entire period (₹8,000 per month).

Deadline:

March 25, 2026.

NUS Global Science Summer Program (Singapore)

A holistic academic program that allows students to increase subject knowledge through multidisciplinary science courses while experiencing Singaporean culture.

Eligibility:

- Enrolled undergraduate students from partner universities (includes many Indian institutions); Master's students are also eligible to apply.

Nature of Work:

Intensive coursework in areas such as Cellular Agriculture, Data Science with Python, or Population Genetics, supplemented by social activities and field trips.

Stipend:

Fee-based program; however, fee waivers or scholarships may be available through partner institution nominations.

Deadline:

April 1, 2026.

HKU CDS Research Internship (Hong Kong)

A competitive summer internship focusing on Computer Science, AI, and Data Science at the University of Hong Kong.

Eligibility:

- Undergraduate students in Year 2 or Year 3 of their degree.

Nature of Work:

Working on a specific research project under the supervision of a faculty researcher, culminating in a presentation of findings.

Stipend:

Total stipend of approximately HK\$19,601 to cover living expenses.

Deadline:

May 31, 2026.

France Excellence Charpak Lab Scholarship (France)

Funding from the French Embassy in India for Indian students to undertake a research project in a French laboratory or institution during their summer break.

Eligibility:

- Indian nationals residing in India, aged 30 or younger, currently enrolled in a Bachelor's or Master's program in India. Applicants must independently secure an invitation letter from a French lab.

Nature of Work:

Conducting short-term research projects in fields such as STEM, Economics, or Law within applied research laboratories.

Stipend:

Monthly stipend of €700 for up to 2 months, student visa fee waiver, and Campus France fee waiver.

Deadline:

March 31, 2026.
